

## Confirmation of application details for @George premium

“@George premium” is a best effort type (does not mean the speed is guaranteed) internet service by Invoice Inc. which collectively provides optical line service provided by NTT East / West Japan and provider service @ George.

Customers can contract directly with Invoice Inc. and the payment can be made only by credit card.

### Cost

- Initial cost 6,000 yen
- Monthly usage fee 3,800 yen (Including provider fee)
- Opening cost (Maximum) 20,000 yen  
When campaign is applied 9,000 yen will be reduced  
※30 times installment payment
- Wireless LAN Router Rental (optional) 500 yen

### Cancellation before Contract Starts

Customers can cancel the contract in writing within 8 days from the date they receive the opening notification. However, telecommunication service fee, · administrative fee which have been incurred by the time of cancellation and construction fee (in case construction has been carried out) will be charged.

- When leaving Japan for returning home etc., please make sure to contact the call center below one month before the cancellation request date.

Customer center: 0120-483-550

- The equipment used to connect to the Internet is a rental item from NTT. Please make sure to return it to NTT at the time of cancellation. If it is not returned, we will charge you the price.
- If installment payment for construction fee is not completed at the time of cancellation, we will settle all together at the final request.
- The penalty of 5,000 yen will be charged if the cancellation is made within 6 months in case campaign is applied.
- If the property does not have the facility for FLET'S HIKARI NEXT Mansion Type, we cannot accept your internet application.  
If using FLET'S HIKARI NEXT Family Type, the price is different.

All listed rates are exclusive of tax.

I confirmed.
